

Device List for USB Chip Programmer I

Revision Date: October 27, 2022

No. of supported Manufacturers: 41

No. of supported Device Variants: 9,992

Introduction

This document contains a list of the currently supported chip device variants for the Batronix programmer USB Chip Programmer I. If a required device isn't listed in this document, we will integrate it for you if possible at no charge! Just send us a brief request by e-mail to service@batronix.com and let us know the chip name, the chip manufacturer, chip package and the name of the programming device. You can search through this document by pressing the keys CTRL+F.

Einführung

Dieses Dokument enthält die aktuelle Liste der unterstützten Bausteine für das Batronix Programmiergerät USB Chip Programmer I. Sollte Ihr Wunsch-Baustein nicht in der folgenden Liste vorhanden sein, binden wir diesen wenn möglich gerne umgehend und kostenfrei für Sie ein! Schicken Sie uns einfach eine kurze Anfrage mit der Bezeichnung des gewünschten Chips, des Herstellers, der Gehäuseform und des Programmiergerätes per E-Mail an: service@batronix.com. Mit der Tastenkombination STRG+F können sie eine Suche über dieses Dokument starten.
